NOTES OF THE GRAYLING SCHOOL

Edited by X, Y & Z.

"I hate a thing done by halves. If it be right, do it boldly; if it be wrong, leave it undone."—Gilpin.

Ten Demands of Grayling High.

1—Thou shalt not run, talk or make any noise in the corridors.

2—Thou shalt not talk to thy neighbor unless thou hast permission from the teacher-in-charge.

3—Thou shalt not run up or down stairs or break lines when passing out.

4—Thou shalt not throw paper wads or gum around the Assembly room.

5—Thou shalt not be absent or tardy.

6—Thou shalt not neglect thy lessons for a circus, class rush or class party.

7—Thou shalt not use the "rising infection."

8—Thou shalt not go to the reading or reference tables or visit.

9—Thou shalt not sharpen pencils on desks or on the floor.

10—Thou shalt not borrow (another's work).

The Junior and Senior classes wish to thank the citizens for their generosity in loaning material and for their patronage. Thanks is also due to members of other classes who gave their help in the Circus.

Mr. Otterbein spoke to the High school for about twenty minutes Armistice Day. The subject of his talk was "Liberty."

Edmond Houghton is the new banker for Book-keeping class.

The Grayling High School Debating society elected their officers Wednesday, Nov. 5. The officers are: Percy Failing, president; Eugene Karpus, vice president; Margaret Insley, secretary and treasurer; Doris McLeod, reporter; Mr. Fox, critic; Miss Wells, censor.

The following program will be given Wednesday, Nov. 13:

Declaration Marius Insley

Debate.

RESOLVED: That Congress should adopt a system of universal military training for all able-bodied citizens, between the ages of 18 and 25.

Affirmative: Doris McLeod, Ruth McCullough and Eugene Karpus.

Negative: Reuben Bebb, Edmond Houghton and Margaret Cassidy.

An account of the Circus will be found elsewhere in the paper.

The History room has a table of War relics brought by the students.

The History classes are studying the World war this week. The students find Generals Joffre, Pershing and Foch much more interesting than Mitlades or William the Conqueror.

If a body meet a body in the halls at School;

Should a body snub a body To obey the "No-talk" rule?

GRADE NOTES.

First Grade—Miss Barr.

The first grade will begin the study of the Pilgrims this week.

Third Grade—Miss Force.

For language work last week the children memorized the "Night Wind," by Eugene Field.

John Kuster and Hazel Mirrow

have just entered the third grade.

The A class are doing very well in learning the multiplication tables.

Fifth Grade—Miss McGillis.

The Fifth grade had exercises Tuesday afternoon for Liberty Day.

Vera Mitchell from West Branch just entered the room.

A number of children from the fifth grade are absent because of chicken pox.

Sixth Grade—Miss Rodgers.

The A class have just finished maps of the central states.

The A and B divisions have been writing compositions on camping trips.

Last week being better speech week the sixth grade had an error box in which errors were placed made by the children on the school grounds, or in the building. The box was opened Friday and the errors were read.

AN OPEN LETTER TO THE COAL MINERS OF BAY COUNTY, MICHIGAN.

House of Representatives United States.

Washington, D. C., Nov. 4, 1919.

As your representative in Congress, prompted by a sense of duty, and after conference with the department of Justice, I appeal to your patriotism to heed the call of your Government and return to work.

Your controversy is no longer with the mine operators. The President of the United States has declared the coal strike "unjustifiable and unlawful." Congress by a unanimous vote has pledged every resource of the Government to meet the present industrial emergency and to vindicate the majesty and power of the Government. The conspiracy of your leaders will be reviewed and passed upon by the courts. Your conduct will be judged by public opinion everywhere.

Apparently, you have entered upon this strike by reason of your affiliation with the United Mine Workers of America and not because of any serious grievance against your operators. You have had little, if anything, to do with bringing about this strike. The responsibility, nevertheless, now devolves upon you to decide whether you will support the Government which protects you and your families from aggression or will you follow arrogant, un-American leaders who, in order to enforce their demands, are willing to paralyze transportation and industry and impose cold, hunger, and even death upon countless thousands of innocent people?

Your Government expects, and the public interest demands, that your allegiance and loyalty to the Government be acknowledged as greater than your obligation to the United Mine Workers of America or any other organization. Are you with the Government or against it? The opportunity is yours to win the confidence and respect of your fellow men by returning to duty and disavowing the dangerous leadership of those who have already brought your organization into public contempt. Your duty is clear. Show others the right course. You constitute the vast majority of Michigan coal miners, and I am honored to be your Representative in Congress. I cherish the hope that by your prompt action the Government may be advised of your return to duty and that you will not await the collapse of the strike which must inevitably come if free government is to survive.

Gilbert A. Currie, Member of Congress, Tenth District, Michigan.

IT WAS ONE BIG CIRCUS

THERE WERE ANIMALS, ACROBATS, CLOWNS, SINGERS, ETC.

One of Biggest Crowds That Ever Attended a School Entertainment.

For weeks past there appeared in the *Avalanche* announcements telling of a circus and some of the big features the crowd was going to see there. Nearly everyone was in anticipation and filled with enthusiasm, and when the big doors were opened there was a monster crowd that came thru. The balcony and "gym" floors were soon alive with people.

The first thing to attract the crowd was a well organized lot of side-show attractions with their glowing announcements of what was to be seen inside. Here the people spent their money with free hand and enjoyed the scenes and attractions.

One of the first things to see was a tent containing a white monkey, and after paying your nickel you were permitted to look into a mirror.

Next came an air ship. Another nickel and one was permitted, blindfolded, to set astride a plank while two pretty girls raised the board a few inches above its resting place and with a slight waiving motion the patron experienced the sensations of a real air trip. With the command of "Jump," the rider leaped off into space expecting to be dashed to atoms, falling fully an inch to the floor. Then there was the snake charmer, the merry-go-round, fantastic music with a doll in dancing costume, consisting of a "chimmie." The booth for men only attracted the bald heads who paid their "nickie" to see hanging within a pair of men's (?) trousers about the size of Marshall Holliday's. In another very elaborate corner was a professional jig dancer—cost a "nickie" for that too. You got your fortune told good and proper in a booth at one end of the balcony—"nuther nickel." There was the balloon man, the popcorn and candy booth, doll and fancy work booth, and many other side attractions to the big main feature—the "Circus." Everybody was having a "whale" of a time and there was so much talk and laughter that one "could not hear himself think."

The side show tents were pulled down and wheeled away ready for the next town and the performers were ready, but the whole circus gang could not quiet the noise so that the show could begin. Appearing to Grayling's police force, one word, "Just a minute" from Mike Brenner quickly put a quietus on the crowd.

Then Percy Failing, dressed in a long red cut-away coat and silk hat, carrying a long whip stepped to the center of the ring and announced the several attractions as they appeared.

Eight young girls from "The Island of Japan," dressed in native costume sang a pretty Japanese song. They were liberally applauded.

Mary Esther Schumann was announced as the child wonder trapeze performer of the world. She was dressed in clown costume and at once proceeded to show that she was not only the youngest trapeze artist but also the best. She did some nifty stunts in the flying trapeze and finished by gracefully standing upon her head, a stunt that few of the youngsters have been able to accomplish. She was loudly applauded.

Helen Schumann gave a graceful solo dance, which seemed to please the crowd. This was followed by a vocal solo by Emerson Brown. He had to respond to an encore.

Misses Jennie Karpus and Margaret Insley appeared as bareback riders and performed some marvelous feats of horsemanship upon a couple of decorated sawhorses on wheels; the motive power was supplied by Messrs. Marius Insley and Eugene Karpus who kept the crowd in a happy humor by their comedy.

A French song was sung by the Parisian Opera company consisting of the young ladies and young men of the French class, who were very pathetic or something—hard to say just what. But it was good. Those taking part are Oral Cameron, Ruth McCullough, Margaret Insley, Margaret Cassidy, Merideth Cameron, Eugene Karpus and Marius Insley.

Miss Margaret Cassidy gave an exhibition of rope walking, doing all that the regular rope walkers do. The rope was held tight (to the floor) by a couple of assistants.

A couple of monkeys monkeyed around in a trapeze doing some clever hanging and swinging, both singly and double. The parts were taken by Emerson Brown and Eddie Trudeau.

Brown, in company with Gordon Davidson, did some clever tricks bicycle riding.

Six young ladies of the "Metropolitan Opera company," sang "If Can't Do a Thing With My Hair Since It's Washed." They were all out of luck and their hair was a fright—but all their own (?) The participants were Misses Kathryn Brown, Vella Hermann, Pauline Fehr, Kristine Salling, Eleanor Schumann and Ruth McCullough.

Evolution of the American girl was very pretty. As introduced by six young ladies, and showed the several periods of American woman from the early Indian to the present athletic girl. The parts were taken by Charlotte Flagg, Norma Johnson, Doris McLeod, Ingeborg Hanson, Edna Taylor and Margrethe Nelson.

Gordon Davidson and Owen Cameron astounded the audience with their slight of hand performance. And their witticisms were convulsing and they cracked many jokes and chestnuts.

There was a bunch of clowns on the job every minute and they put the finishing touches to their parts by giving a red hot horse race. Each riding a three-wheel hobby horse they proceeded to race from one end of the gymnasium to the other and return. Everyone fell off more or less, their horses tipping out from under them and the consequences were that the

racers and their nags were several times piled into heaps on the floor. This act caused a lot of fun. During the latter part of the performance Owen Cameron did some fancy step dancing.

The performance ended with a grand parade of all the performers, and actors, and as they marched about the gymnasium they were inspired by a tin-pan band.

While there were many fake attractions, intended to draw smiles from the patrons, still there were many splendid acts and exhibits that were good. It was a novel entertainment—clean and happy, and enjoyed by all who attended, and a credit to the teachers who had it under supervision and to those taking part.

They took in some money, too. The cash register recorded about \$200.00 to the credit of the Seniors and Juniors as a result of the venture.

Now that the armistice has been signed and the war practically over, the local chapter has adopted a health program, intended for the benefit of the people of Crawford county. This is in addition to the continuance in the Home Service for the aid of soldiers, sailors, and their parents, wives and children, and other regulations that come under jurisdiction of the Red Cross.

The local chapter is in a good healthy state and stands as a barrier between the people and poor health and calamity, insofar as the people will permit the various committees to take action. Too much cannot be said for the nursing committee. This branch of the local Red Cross work is bound to prove of invaluable service to the community.

The renewal of memberships at this time indicates a dropping off and the year 1920 the membership in Crawford County chapter will be somewhat reduced. Where in previous years every member of the families were members, now not all the children have been enrolled, thus somewhat reducing the membership. This condition seems to prevail almost everywhere but even at that the County Chapters are bound to become permanent organizations and their service to humanity to become community necessities and blessings everywhere.

The membership campaign committees are tabulating the reports of the campaign and these will be published in the next issue of the *Avalanche*, together with the entire list of members for 1920.

JUDGE ANDERSON ENDS COAL STRIKE

U. S. COURT SAYS LEVER ACT IS VIOLATED BY STOPPING FUEL SUPPLY.

MINERS MAY RETURN TO WORK WITHOUT INTERFERENCE FROM ANY SOURCE.

Indianapolis—The nation-wide strike of the bituminous coal miners, inaugurated at midnight October 31, was officially ended November 11 by Judge Anderson of the Federal court here. The decision was made at the hearing to sustain the injunction filed by the government to restrain the officials of the United Mine Workers' union from authorizing the strike.

Violation of the war-time federal food and fuel control act, as alleged by the attorney general's department, was affirmed by the court, who said the strike not only was illegal but under the circumstances it approached rebellion.

Union leaders can move only toward ending the big walkout and cancel the strike call.

Although allowed an hour and a half, Judge Ames took only 35 minutes in presenting the government case. He based his argument upon President Wilson's denunciation of the strike and said the structure of the government was endangered by the defendants' violations of the fuel control law.

"This case," Judge Anderson said, in issuing the injunction, "involves solely the question of enforcing the law. It is my absolute duty to uphold the law which no one man and no body of men has the right to override. Were we to admit to even the slightest degree a contrary right, we would undermine the foundations of the republic."

Attorneys for the miners indicated that they will take the case to the United States circuit court of appeals in Chicago at the earliest possible date. Such action, however, will not affect the injunction proceedings nor the government's plan to ask that the temporary injunction be made permanent November 20. In the meantime, it is pointed out, the court's order to call off the strike must be carried out.

BIG COAL MINE IS ON FIRE

Striking Miners Assist in Saving Property From Ruin.

Bicknell, Ind.—American No. 1 mine, said to be the largest bituminous coal mine in the world which was discovered on fire has been completely sealed after workmen had toiled frantically practically all night.

Because of the size of the mine and the value of the machinery it contained, the fire is said to be one of the most disastrous in the coal annals of the country. The mine is electrically equipped, no mule power being used in it.

Ordinarily 850 men are employed, and the mine has a capacity of 6,000 tons of coal daily. Only 21 men, including pumpers and engineers, were employed when the fire was discovered and these were rescued.

The cause of the fire had not been determined. The squad of oxygen helmet men entered the mine as soon as smoke was seen issuing from the shaft, and found the fire was close to the bottom of the mine and that the entire working would have to be sealed over. The shaft probably will have to remain sealed from two weeks to two months.

Although the employees of the mine are on strike, more than 100 gathered about the shaft as soon as the alarm was sounded and volunteered to fight the fire, as evidence, they said, that they had no connection with the fire.

INDIANS WANT BACK PAYMENTS

File Suit to Recover Payments Stopped Many Years Ago.

Washington—The Ottawa and Chippewa tribes of Indians of Michigan are prosecuting a claim for \$168,000 before the court of claims of the United States. Albert Shananquet, of Long Point, Mich., a member of one tribe of the Chippewas, and a delegate of both tribes, presented a letter of introduction to the officers of the court from Governor Sleeper.

The claim arose out of the alleged failure of the government to continue payment of \$1,000 to each tribe after the year 1838.

It is alleged that by the treaty of 1857 the government bound itself to give each tribe \$1,000 a year but in 1858, payments ceased.

Sky Flyer Killed.

Kansas City, Mo.—H. O. Eviston, a passenger in an aeroplane, was burned to death here when the plane fell 50 feet and was destroyed by fire. Strapped to his seat, Eviston, who was making the flight at the invitation of the pilot, Ben. A. Sweeney, a commercial aviator, was unable to free himself. Sweeney, who had loosened his belt, jumped clear of the plane as it fell and was only slightly injured. He attributes the accident to engine trouble. The plane was from Wabash, Indiana.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound that I bought a bottle and took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLING, 2242 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays are overworked, and many of them are upon their nerves and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and even more serious ailments develop. It is at such times in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthing.

EASY NOW TO SAW LOGS AND CUT DOWN TREES

Only one man, or even a boy, with the improved Ottawa Engine Log Saw can easily cut twenty-five to forty cords a day, and at a cost of less than 2¢ per cord. This machine, which cuts out logs as fast as a heavy cross cut saw driven by a powerful especially designed 4-cycle gasoline engine. It's a fast money-maker for those using it, and does more than ten men could do, either cutting down trees, sawing logs, or burning branches while you rest. When not sawing, the engine can be used for other work requiring power.

The entire machine is mounted on truck wheels to make it easy to move to the trees or logs, and from cut to cut on a log without stopping the engine. For moving on the road, the truck wheels are placed parallel with the skids and the rig hauled straight ahead. The wheels turn on a two-way spindle. You do not have to take them off, but can change direction of wheel travel by merely taking out a pin.

The Ottawa can be fitted for sawing down trees. It cuts level with surface of ground, thereby getting all the timber and leaving no stumps sticking up. An automatic friction clutch stops the engine in case of undue resistance. Two men can fall forty to fifty trees a day in ordinary timber. The whole outfit is compact, simple, durable, against a lifetime of hard wear. It sells for a low price and is fully guaranteed for reliable operation in the hands of every one who has trees to cut down and logs to work up. Full information and low factory price to you can be had simply by addressing the Ottawa Mfg. Company, 2724 Wood St., Ottawa, Kansas.

AMERICA FIRST IN COAL DISTRIBUTION

FOREIGN VESSELS MUST NOT DEPEND ON UNITED STATES FOR FUEL

RAILROADS FIRST PREFERENCE

Calls From Districts Where Supply Is Exhausted Spur Action of Administrator.

Washington.—Realizing that the country is burning three times as much coal as the mines are turning out, the railroad administration, the great coal distributing agency, through its recently created central coal committee, has taken drastic action in ordering that the supplying of coal to foreign-owned ships in American ports be stopped immediately.

With calls for assistance from communities suffering from a coal shortage growing more numerous, the railroad administration turned loose every available car to meet the appeals made for fuel.

Orders went to regional directors of the nation's railroads from Director General Hines to eliminate train service where absolutely necessary in the public interest, but it was officially announced no general curtailment of service was contemplated.

The discontinuance of foreign tonnage bunkering was the first general step taken by the government, since the coal strike began last Saturday toward curtailment of transportation. The central committee made it plain that American-owned ships and tonnage under the American flag would continue to receive coal supplies but all other vessels, as the situation now exists, will be compelled to await the end of the strike.

Vessels now being bunkered, in event they are foreign-owned, will be tied up as well as all such incoming vessels with insufficient supplies in their holds to make the return trip. Many vessels in the transatlantic service and now in European ports, it was considered, would remain on that side of the Atlantic unless facilities were available for taking on enough coal for the round trip voyage.

It was apparent the central committee considered precedence must be given to all land traffic in the matter of fuel distribution before even American ships will be accorded bunkering permits. Priority regulations will be observed "to the letter" in dividing the coal stocks, members of the committee said, as the supplies of coal on hand and in transit "will just about be able to take care of domestic demands and necessary ocean transportation."

GOVERNMENT CROP REPORT

Farm Reports Show Enormous Amount of Grain Not Yet Marketed.

Washington.—Crop production estimates issued by the department of agriculture in its November crop report indicate: Corn, 2,910,250,000 bushels; buckwheat, 20,120,000; potatoes, 7,050,000; sweet potatoes, 102,916,000; tobacco, 1,316,553,000 pounds; flaxseed, 8,450,000 bushels; peas, 1,000,000; apples (total), 143,429,000 (commercial), 24,151,000; sugarbeets, 7,293,000 tons; cranberries (three states), 546,000 bushels; onions (14 states), 10,784,000 bushels; cabbage (nine states), 338,000 tons; sorghum syrup, 33,664,000 gallons; cloverseed, 967,000 bushels; peanuts, 44,066,000 bushels.

The quality of corn was announced as 89.16 per cent, compared with 85.3 last year. Weight per measured bushel this year is as follows: Wheat, 56.3 pounds; oats, 31.1, and barley, 55.2. Stocks of old corn on farms November 1 are estimated at 72,263,000 bushels, compared with 114,678,000 bushels a year ago.

BANISHED BECAUSE HE IS HERO

Kentucky Young Man Saves Young Girl and Arouses Ire of Life Guards.

Louisville, Ky.—To rescue a young woman who had gone beneath the water the second time, receive praise for the gallant act, and then be thrown from the park, was the experience of a young man in the new pool at Reservoir park. A young woman was struggling in the water. Some one shouted and a young man dived and brought the drowning girl to shore. Persons who witnessed the quick action cheered. Later life guards called him aside, and he said the guards told him to leave the pool, because they said, "we've men here who are paid to do that work, and you butted in."

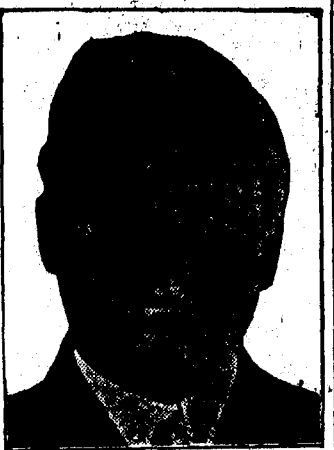

Michigan Elections.

Lansing.—Reports from various Michigan cities where municipal elections were held on Tuesday indicate that a heavy vote was cast. Kalamazoo electors passed on bonding for \$1,260,000 to build a power and light plant. Muskegon elected seven commissioners out of 31 candidates to take over the city government under the new charter January 1. Flint voters rejected the new city charter, submitted after months of preparation, by a vote of almost 4 to 1.

Road Fund Available.

Washington.—More than \$600,000,000 is available in the United States for construction of hard surface roads in 1920. This is more than four times the amount estimated for 1919. Expenditures of the fund is dependent only on the ability of the railroads to furnish enough cars to transport material. The department will institute a national drive to influence purchase and storage of road building material during the winter months and to overcome the open-top car shortage.

ECONOMY ENCOURAGED TO REDUCE HIGH PRICES

A. MITCHELL PALMER.

Harrisburg, Pa.—Describing efforts of the department of justice to drive down the cost of living, Attorney General Palmer, speaking before a meeting of the fair price committee, mayors of cities and state officials of Pennsylvania, declared that if the people would increase their saving by 10 per cent the cost of living would fall 20 per cent in a brief period of time.

Mr. Palmer attacked the "buy now" campaign, declaring that "our job is to wait, both in our interest and in the interest of the nation and the world at large, that the demand may be lightened. He called upon the 'plain people' to wear their old clothes a little longer, to refuse to buy until production had caught up with the demand.

WANT TO RAISE CLOTHING PRICE

Workers Charge With Paying Manufacturers to Close Their Shops.

Chicago.—Charges that agents of the Amalgamated Clothing Workers of America had obtained more than \$500,000 for clothing manufacturers in Chicago and other cities led to raids on the local headquarters of the union by detectives from the state's attorney's office.

Books and records of the organization, including bank books of the union and individual officials, were seized.

FORD GIVES UP MT. CLEMENS

Excess Prices of Farm Lands Cancel Plans For Auto and Tractor Plant.

Mt. Clemens.—Announcement has been made by representatives of the Henry Ford interests which had planned to erect a \$500,000 auxiliary automobile and tractor plant to be run by hydro-electric power from the Clinton river, that land gouging on a large scale had necessarily cancelled negotiations for the plant.

It was planned to purchase about 3,000 acres, but a survey by Ford engineers disclosed that about 2,000 more would have to be bought because of the low level of the surrounding ground. Ford representatives declare that farmers demanded \$200 an acre for land used only for pasture purposes.

Another plan is being worked upon whereby the plant would be operated only six months out of the year, from October 1 to April 1. During the rest of the year, workmen would be able to go out on the fields and aid farmers. The plan also involves the use of the large dam only during the six months of operation, the river being allowed to return to normal the rest of the year giving the farmers whose land is flooded the unimpeded use of the ground for grazing purposes.

WESTERNER BUYS WHOLE TOWN

Sole Owner of Land and Buildings Disposes of Moneta.

Cheyenne, Wyo.—The entire town of Moneta, Wyo., on the Chicago & Northwestern railroad in Natrona county, has been sold for \$10,000.

The purchaser, John Goodman, of Shoshone, Wyo., received title from A. Kanson, who founded Moneta 20 years ago, and has owned it ever since, to the following: one town site of 40 lots, one 18-room hotel, one five-room cottage, one three-room cottage, two two-room cottages, one large livery barn, one railroad eating house, one small barn, one ice house, a miscellaneous assortment of corrals and outbuildings, and a large assortment of more or less valuable junk representing the accumulation of a score of years of Moneta's history.

No person other than Goodman owns a single thing in Moneta, but the Chicago & Northwestern owns the right of way on which the town site fronts, and a small depot building.

Last Man Hurt in Civil War Dies.

Sturgis, Mich.—Marshall Melvin, 75 who claimed to be the last Union soldier to receive a serious wound in the Civil War, is dead here of paralysis. With his comrades of the Nineteenth Michigan Infantry, he was engaged in a fight with a guerrilla band when news came by courier of Lee's surrender. In their elation the northerners recklessly charged the foe and Melvin fell with three wounds, one in the shoulders, another in the arm and a third in the stomach.

Well Case Settled.

Pontiac, Mich.—Judge Covert, in circuit court has modified the injunction issued some weeks ago, restraining the village of Birmingham from sinking a 12-inch well on the Latham farm for water supply. Residents asked the injunction on the ground the big well would damage their own water supply in Southfield and Bloomfield townships. The court permits sinking the well, but requires precautions be taken to handle the 1,100-pound pressure.

UNUSUAL HAPPENINGS AND OTHER BRIEF NEWS

Sugar Control Saves \$250,000,000
New York.—Government control of sugar has saved the American people a possible \$250,000,000 within a year, the United States sugar equalization board announces.

Survivor of Perry Expedition Dead.
Portland, Ore.—William H. Hardy, widely known as "Captain" Hardy and the last survivor of Commodore Perry's expedition to Japan in 1852, died here a few days ago of pneumonia.

Liquor Dealers Don't Want Near Beer
Newark, N. J.—The Liquor Dealers' Protective association has asked brewers to discontinue the manufacture of "nearbeer," declaring it an outrage to "ask decent people to drink it."

Wear Goggles, Fear Pepper.
Youngstown, O.—Deputy sheriffs appeared at the entrance to the Youngstown Sheet & Tube Co. plant wearing goggles as a protection against recurrence of "red pepper" riots by women.

"Best Providence Girl" to Get \$10,000.
Providence, R. I.—Mayor Joseph H. Gaynor will judge which one of the girls in his city is best in conduct and accordingly to be the recipient of \$10,000 by the will of Count Paul Bajonetti, of Turin, Italy.

Thanksgiving Date Set.

Washington.—President Wilson has named Thursday, Nov. 27, as Thanksgiving Day, in a proclamation which said the country looked forward "with confidence to the dawn of an era where the sacrifices of the nation will find recompense in a world at peace."

Whisky Barrel Explodes Kills Man.
Dayton, Ohio.—Hyman Colton, 42 years old, was killed and several men severely injured when a liquor barrel exploded. One of the men lighted a match to look into the barrel which was on Colton's wagon. The head of the barrel blew out, fracturing the man's skull.

Another "Flu" Epidemic Expected.
New York.—A recurrence of the Spanish influenza in a milder form is predicted by Health Commissioner Copeland. December or January should see it, he said. He based his opinion on the history of previous epidemics which recurred in lessened violence the year following their outbreak.

Steel Worker's House Blown Up.
Pittsburgh.—The house occupied by Mike Schokoff, who is employed by the American Steel & Wire Co., at Donora, Pa., was damaged by the explosion of a bomb placed in the doorway. None of the occupants was injured. Four arrests were made. Schokoff continued to work after the steel strike was called.

Toledo People Vote Cars Out.

Toledo.—Toledo electors have ordered the Toledo Railways & Light Traction cars from the streets. Tuesday's election shows a majority in favor of ousting the street car company, which is operated by the H. L. Doherty Co., of New York. Recently the fares were increased from 5 to 6 cents, with 2 cents for transfers.

Celts Want No Saxon Blood.

Dublin.—Lovingmaking by the girls of Ireland with the members of the British government forces has been prohibited by the Irish republican party. Any girl keeping company with a government soldier or policeman will be penalized by having her hair cut off. One girl already has suffered the penalty for walking with a soldier.

New Ambassador Candidate.

Mexico City.—Ignacio Bonillas, Mexican ambassador to the United States, will be a candidate for the presidency of Mexico in the election to be held next year, according to a telegram received at Queretaro from Bonillas in answer to a letter sent him by members of the Democratic party. Ambassador Bonillas is the only civilian candidate thus far announced.

Bid For Cantonments.

Washington.—The highest bid received by the war department for the purchase of the cantonments in Chattanooga and Chickamauga national parks was that of R. A. Goldman, Chicago, who offered \$176,000 for all the properties constructed by the government. The second highest bid was \$134,500 of the Ruel Wrecking company, Chicago. Harris Brothers, New York city, bid \$80,000.

Booze Substitute Proves Fatal.

Pontiac.—A dose of wintergreen oil, supposedly drunk with the belief that it was essence of wintergreen, caused the death of Calvin McKinnon. Three others are ill from the same cause. They are: Otis Peterson, 31, Greenville, Mich.; Charles Wise and James E. Scheid. According to Esch, the four men purchased the oil after a drugist had refused to sell them essence of wintergreen. They drank three ounces and slept the rest of the afternoon.

Claims Pipe Sustained Her.

Westfield, Mass.—To the use of tobacco was attributed her longevity by Mrs. Mary Jane Adgate aged 82 years, who died in her home here. Mrs. Adgate smoked a pipe for years, beginning the habit when she was a little girl. She acquired the taste for tobacco from her grandmother, who was a pipe smoker. She had been in failing health for some time, but even during her sickness would not depart from her habit of smoking a pipe as many years.

Suffered with Lame Back and Swollen Limbs

Wm. Rose, Wis.—"I have used Dr. Pierce's Favorite Prescription and I was so well pleased with it that I like to do all in my power to help other sufferers. I suffered with lame back and swollen limbs. I was so weak and dizzy that I couldn't take care of my baby and family. I suffered and worked all day long. I finally took to my bed, and after suffering \$90.00 with my home doctor, my husband saw Dr. Pierce's remedy advertised. He at once got me a bottle of 'Favorite Prescription' and 'Golden Medical Discovery.' As my case was of long standing and I was in such bad condition, I used nine bottles of each, and thank God, I am healthy and happy. I hope that all sufferers will do as I did—buy the medicine a trial and be convinced. Anybody wanting to know more about my case, please write to me and send a stamped envelope and I will gladly answer."—Wm. Rose, AUGUSTA, WIS., Route 2, Box 24.

A Woman's Trouble

Hillsdale, Mich.—"I am pleased to give a testimonial in regard to the value of Dr. Pierce's medicine. I was sick for about three years, the trouble was brought on through motherhood. I tried several different kinds of medicine but got no relief. Finally I got Dr. Pierce's Favorite Prescription and it cured me in six months so I have never had any return of the trouble. I also gave it to my daughter and it worked like a charm. I have used Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets,' too, and found them splendid as well. I can highly recommend all of Dr. Pierce's medicines; they have always done for me what they were recommended to do."—MRS. EMMA GREEN, 33 McClellan Street.

Put in Its Class.

Father went home with his latest purchase the other evening. It was a shirt, tastefully adorned with wide orange and purple stripes.

Proudly he displayed it to his stunted wife, who could only gasp.

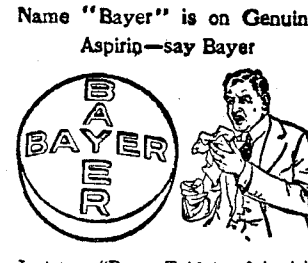

"Look at daddy's pretty!" he said proudly to his little daughter.

The youngster gazed wide-eyed at the screaming combination, then, rubbing her hand over the shirt front, inquired:

"What kind of a dog is that, daddy?"

When Tartars Celebrate.

Probably the first known intoxicant was the fermented milk of mares, and it is at the present time a favorite with the Tartar.

Why That Lame Back?

Morning lameness, sharp twinges when bending and an all day backache; each is cause enough to make a man complain. If you feel tired all the time and are annoyed by dizzy spells, headaches and irregular kidney action, you have additional proof and should act quickly to prevent more serious kidney trouble. Use Doan's Kidney Pills, the remedy that is recommended everywhere by grateful users. Ask your neighbor.

An Ohio Case

N. R. Hill, carpenter, of Deland, Fla., writes: "I suffered with kidney trouble for some time. I was in bad shape with kidney trouble. When I moved to Deland, I caused me terrible pain. I was told I had gravel. I had to get up several times at night and the kidney secretions were very bad. I finally used Doan's Kidney Pills. The pain went away and my kidneys became regular. I picked up in strength and soon felt like myself again."

In speaking of so many soldiers
bringing back French brides, it is said
there is a reason. The Americans
say a man's heart is reached through
his stomach, and as the French are
noted for being famous cooks our
boys eat up and took notice. Like
the Frenchman and Irishman that
were talking. Pat listened for a time
to the Frenchman boasting of their
famous cooks, then said, "Faith and
begorra an Irishman don't need fam-
ous cooks, give him a pot of plain
boiled taters, a dish of salt, a mug of
butter milk and he has a meal fit for
anyone. But we want home rule of
course."

Wythe-Bridges.

Thursday evening at the home of
Mr. and Mrs. Charles Waldron occur-
red the marriage of Miss Anna Lor-
raine Bridges, daughter of Mr. and
Mrs. Frank D. Bridges, to Mr. George
Carlton Wythe, son of Mr. and Mrs.
Earl Wythe, both of this city.

The ceremony was performed at
8:30 o'clock by Rev. C. E. Doty of the
Michelson Memorial church, and as
the wedding party took their places
under a huge white bell in a corner
of the room, with crepe ribbon
streamers extending therefrom to the
sides of the wall, Mrs. Lee Richardson
rendered Mendelssohn's wedding
march. The bride was pretty in a
gown of white satin and carried a
bouquet of pale pink roses. Her
bridesmaid, who was Miss Mae Whip-
ple wore a gown of pale pink taffeta
and georgette crepe combined, and a
corsage bouquet of pink roses. Ed-
ward Waldron acted as groomsmen.

After the ceremony a two-course
lunch was served to the thirty guests
present. The dining room was de-
corated in pink and white, the bride's
chosen colors. Mr. and Mrs. Wythe
left the same night on a honeymoon
trip to Bay City, returning to Gray-
ling Sunday morning.

The bride has been teaching in the
school near the South Branch ranch
in South Branch township, and will
finish her term of teaching at the end
of which the couple will begin house-
keeping in Grayling. Mr. Wythe is
employed in the repair department of
the Michigan Central railroad at this
place.

Their friends extend best wishes.

When the bloated bondholders of
Wall street corner everything in sight
and wait for a raise, they skip
to Michigan. When the earthquake
rends the earth and engulfs whole
towns in Ohio and Indiana, and com-
pel the Sucker, the Buckeye and the
Hoosier to climb the chimney top to
keep out of the wet, the Wolverine
tolls in his summer siesta on a nice
hill. When the Texan, the Floridian,
the Porto Rican, the Nebraskan, the
Kansan, Dakotan, the Pennsylvanian,
the Indian, have endured the draw-
backs in their respective localities, be-
yond further endurance they skip to
Michigan. When the tropical sun-
beams shoot down between the busy
brick blocks of the great cities of

Monday evening the members of the
Good Fellowship Club with their hus-
bands were guests of Mr. and Mrs.
Henry Bauman at a dinner at Shop-
penagons Inn. Mr. and Mrs. Olaf
Michelson, who are leaving town
were guests of honor. The long ta-
ble was beautifully decorated with a
large basket filled with yellow and
white baby chrysanthemums in the
center, and similar small baskets at
ends of the table, the guests finding
their places by means of place cards.

A splendidly appointed five course
dinner was served, which was very
much enjoyed by those present. Af-
ter the dinner the company went to
the home of Mr. and Mrs. Oscar Schu-
mann and spent the remainder of the
evening. Just before the guests de-
parted Mrs. Geo. Alexander in a very
charming manner presented Mrs.
Michelson in behalf of the club with
a handsome silver ladle, to which Mrs.
Michelson responded very graciously.

Mrs. Michelson will be missed very
much from the Good Fellowship club
as she has been an invaluable and
active member of that organization
and the members are very reluctant
to let her go.

Only a Cold

Are you ill? is often answered—
"Oh! it's only a cold," as if a cold was
a matter of little consequence, but
people are beginning to learn that
a common cold is a matter not to be
trifled with, that some of the most
serious diseases start with a cold. As
soon as the first indication of a cold
appears take Chamberlain's Cough
Remedy. Remember that the sooner
you get rid of your cold the less the
danger, and this remedy will help
you to throw it off.

Criticism and Citizenship

It is the plain, public duty of every
citizen to criticize proposed govern-
ment measures believed to be harmful.

Swift & Company is in a better po-
sition perhaps, than others, to under-
stand the meat packing business in all
its relations to public and private inter-
ests, even though the others may have
been giving the subject a great deal of
sincere attention.

Swift & Company is convinced that
interference with its legitimate business
function by governmental agencies,
however well intentioned, would be an
injury to every man, woman and
child who wants meat to eat, as well
as to the men who raise the meat and
to those who dress and distribute it.

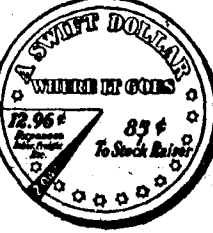

Maximum service that cannot
monopolize because of keen competi-
tion and lack of control over sources

J. C. Foreman of Bay City was in Grayling the latter part of the week attending to some business matters and calling on friends.

Ed. V. Barber of Frederic has been appointed local freight agent, succeeding E. L. Jennings, who was transferred to Lansing. Welcome to our city.

Emil Golinick of Beaver Creek township and Miss Eva Kestenholtz of South Branch township were quietly united in marriage at Gladwin on October 25th.

Otto Nelson has accepted a position with the Michigan Central Railroad Co., succeeding G. G. Pringle who has been transferred to Trainmaster MacDonald's office.

Mrs. McVey of Mackinaw City was in Grayling Tuesday visiting her son Grover McVey, who is employed at the M. C. round house. She was on her way home from Detroit.

E. S. Houghton, civil engineer of Grayling, arrived here last week and is surveying out the Trunk Line road from Luzerne to Kneeland. This part of the road will be constructed next year, which will give us about 11 miles of gravel road.—Mio Telegram.

Mrs. Orelia Holbrook of Tekonsha widow of the late Henry C. Holbrook has been granted a Widow's pension. The Holbrook family were among the earliest settlers of Crawford County.

This office has a nice line of Christmas cards. All orders must be placed by December 1st. Why not place your order today and not wait until the last minute and avoid last minute disappointments.

E. S. Streeter says in a letter to the Avalanche that he and his family have moved to Lansing, 1218 Bement street, from Bay City, where he is foreman for the French Lumber Company. They were former residents of Grayling.

The second meeting of the Bridge club was held at the home of Mrs. Henry Bauman on Tuesday afternoon. The hostess served a splendid lunch.

Mrs. Robert Reagan held the highest score. Mrs. Olaf Michelson was a guest of the club.

The first meeting of the Good Fellowship club was held at the home of Mrs. Alexander Wednesday evening.

American Literature is the course of study for the year. Mrs. Bates read a very interesting paper on the history of the First Colonial Period (1607-1689) with a sketch of the life of John Smith.

On Saturday a number of ladies met at the home of Mrs. Marius Hanson to organize a Bridge club. Sixteen ladies joined the club, with meetings to be held every Tuesday afternoon at the different homes.

Mrs. A. J. Joseph received the prize at this first meeting. Mrs. Hanson served delicious refreshments.

A certain man is going to buy a merry-go-round, so that he can get dizzy, occasionally without violating the prohibitory law.

Mr. and Mrs. Ed. Sorenson of Michigan were in Grayling over Sunday coming to arrange things at their home so that Mrs. A. Kraus might occupy it.

Miss Nina Petersen, who had accepted a position at the Postoffice has resigned and resumed her duties at the grocery store of her father H. Petersen.

Miss Ollie Hermann resumed her duties at the Lewis Drug store Monday after a two weeks' vacation which she spent visiting friends in Bay City and other places.

Mr. and Mrs. E. L. Jennings and son Robert, and Mr. and Mrs. Lee Seymour left Wednesday of last week for Lansing where both families will take up their residence.

The Foresters gave a very enjoyable card party at the G. A. R. hall, last evening, which was attended by fifty or more ladies and gentlemen.

Very nice refreshments were served and a general good time had by all.

Portage Lodge Knights of Pythias have selected New Year eve for their annual dancing party. Committees have already been appointed to plan all arrangements. It will be held at the School gymnasium as usual.

Mrs. A. Kraus and daughter Augusta have rented a part of the Edward Sorenson home and expect to occupy same until their home which was ratted by fire a couple of weeks ago can be re-built. The house will be re-built in bungalow style and workmen will commence work of rebuilding soon.

Mr. and Mrs. Bert Mitchell of West Branch have taken over the New Russell Hotel and will operate same. They took possession last Saturday morning. Mr. and Mrs. Charron, who have conducted the hotel for many years will still make their home at the hotel. The Mitchell family were former residents of Grayling.

Nearly every passenger train going north is carrying extra equipment to take care of the hunters, who are flocking to the northern hunting grounds. It has been necessary to run some trains in two sections so great has been the traffic. Records show that so far more hunters have crossed the Straits than any previous year.

A trio of young boys from Detroit were detected stealing cigars, cigarettes, tobacco and other articles from the Union News company on the Michigan Central railroad. One of them was arrested by Marshall Brenner Monday and arraigned before Justice Frank Freeland Tuesday. He pleaded guilty and was remanded to jail. The other two lads were arrested at Mackinaw.

Rev. Daniel Skanes, pastor of the Free Methodist church located on the South side, was in Grayling over Sunday, and filled his regular appointments. Rev. Skanes reports the interest and attendance here steadily growing. The last of the indebtedness has been lifted from the church, and now repairs are to be begun in the near future. This the people feel is remarkable, when the class has only been organized since June. When the Pastor is absent local help fills the appointments.

F. H. Ivory, father of Mrs. C. J. Hathaway died at the Hathaway home at 2:15 o'clock Tuesday afternoon after a brief illness. Mr. Ivory was 80 years old and with Mrs. Ivory have made their home in Grayling with the Hathaways for the past five years, coming here from Orion. The remains were taken last night to Oxford, Mich., where funeral services will be held this afternoon with interment in the old family lot in Orion.

Resides Mrs. Ivory and Mr. and Mrs. Hathaway and son Milton, Mrs. E. G. Clark, Mrs. George Olson and Miss Kathryn Clark accompanied the remains to Oxford. Mrs. Clark is a sister of Mrs. Ivory.

The local police officers and Prosecutor Fitch are complaining because of the lack of Justice service here at present. At this time there are but two justices in the township, Al. Roberts and Frank Freeland. Mr. Fitch says that Mr. Roberts refuses to act and that Mr. Freeland is out of town at times and it is not always convenient to await his return. Allen B. Failing who was a justice, has moved to Beaver Creek thus automatically vacating that office. It will be necessary for the Township board to make appointments of persons who are in a position to serve, or the public must await the coming of Spring election next April.

Old Timer suggests that when he makes his New Year's resolution he'll have to swear off wishing he had what he had to swear off on.

Mr. and Mrs. Laurence E. Moran of Detroit wish to announce the engagement of their daughter, Miss Margaret to Mr. Clarence Southard of Sandusky, Ohio. The Moran family were former well known residents of Frederic.

It looks like the winter has set in for good. Since yesterday the temperature has been gradually lowering and there has been snow flurries now and then and this morning folks awoke to find the ground almost covered with the beautiful white.

Frank Gierke arrived in the city Monday afternoon from Manistiquette for a few days' visit with his parents, Mr. and Mrs. Adam F. Gierke. Mr. Gierke formerly resided in Grayling.

Rev. Rodholm of Manistiquette will talk on the Ashland High School question Friday evening, Nov. 14, at 7:30 o'clock at Danebod hall (not at the church as first planned and announced last Sunday). The Ashland question is an important one to all who are interested in the welfare of the Danish church.

Mr. and Mrs. Olaf Michelson will leave the latter part of the week for their new home in Detroit. Mr. Michelson has lived in Grayling practically all his life and in late years been associated with his father, Nels Michelson, in the lumber and land business. Mrs. Michelson came to Grayling to teach in the public schools and was principal of the High School. She too has resided in Grayling many years. Both have been prominent in the social life of the community and have taken an active part in public affairs whenever their aid was required, and were liberal with their time and efforts. Mrs. Michelson was an active member of the Good Fellowship club. It is a real loss to Grayling in their leaving, however they promise to spend their summers at their summer home on Lake Margrethe, and as may well be expected, continue their interest in the old home town where there are many ties that bind.

This Man Is One Of Many Whose Job It Is To Save You Money!

SERVICE IS THE very key note of this whole establishment. We train every one of our employees to recognize the fact that "service to the customer comes first."

It is obvious to us that we will succeed in exact proportion to how we serve. If we serve you well we will get your work.

Naturally then, we propose to serve you well—if only for selfish reasons. But there's another side to the story.

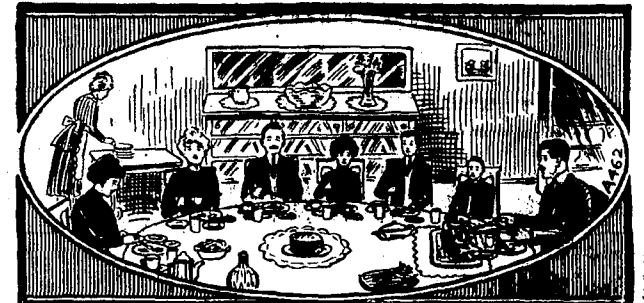

We get a lot of fun out of our work—and we take a lot of pride in it. We want you to feel that you can depend upon us—not "usually depend," but "always depend."

We do unusually good motor and other repairing. We sell unusually good accessories.

THERE IS NO BETTER TIME TO REFURNISH THE DINING ROOM THAN RIGHT NOW.

THANKSGIVING DAY of all days is the day when the dining room stands out in bold relief—the cynosure of visiting eyes. It's the day of the housewife's triumph—the result of her culinary and social conquests.

Where is the husband, who, satiated with good things and admiring his capable wife, would not feel proud that he had helped her to achieve a complete triumph by having refurnished the dining room.

The date this year is Thursday, November Twenty Seven.

There is ample time but none to spare. Our stock of Dining Room Furniture is up-to-date.

Having Sewing Machines, Igorrotes
Possibly Will Send Forth Call for
the Fashion Magazines.

Wearing about as little clothing as
is possible even in the least sophis-
ticated part of the Philippines, the
Igorrotes of Bontoc in the mountain
province have little need of sewing;
but Bontoc at last has a sewing ma-
chine. The first sewing machine ever
seen in Bontoc turned up there re-
cently as a prize for the winning team
in a tug-of-war contest at a local cele-
bration. Never did a crowd of nearly
naked villagers look with more inter-
est at a new object of curiosity than
did the simple Igorrotes when the won-
der of the sewing machine was ex-
plained to them; after which the tug-
of-war was contested in the vigorous
fashion inherited from generations of
tribal ancestors to whom this simple
exercise had stood as a great tribal
sport. The winning team presumably
carried off the sewing machine, and
one may imagine that the natives are
proud to possess it as a rare and im-
pressive curiosity. But the time has
yet to come when a sewing machine
will be of much practical importance
to the average Igorrote family.

NATURALLY IT PLEASED HIM

Author Could Not Help but Be Proud
of Compliment Which Was So
Palpably Sincere.

A young woman who had spent
a few years in the bookkeeping line,
and who wished a different kind of
work, found employment in the book
store of a downtown concern. At the
start she naturally was not well ac-
quainted with the usual customers in
the magazine department. But she was
there to please, and what she
lacked in acquaintanceship she tried
to make up in bustling wares.
"Looking for something good to
read?" she queried of a man who was
"looking around." He replied rather
indifferently that he might find some-
thing that would interest him.
"Well," she pursued, "there are some
good stories in — Monthly this
month. At least they interested me.
There is one particularly good story
by Meredith Nicholson."

"I am glad to hear you say that,"
replied the customer, with a smile.
"Because I am Meredith Nicholson." —

STATE NEWS

Grand Rapids—The \$165,000 drive
for the St. Joseph's Seminary fund
has gone over the top.

Millington—D. S. Woodman, of
Millington, claims he has a bean
stalk that has 128 pods which contain
768 beans.

Hart—Hart has been bonded for
\$12,000 to build a shirt factory. When
this plant is finished it will employ
about 40 persons.

Big Rapids—Patrick Manahan, who
claimed he never had a headache,
toothache or doctor's attention, is dead.
He was 77 years old.

Cadillac—Charles Hardy, Cadillac
moonshiner caught by the state offi-
cials, got one year and one day at
Leavenworth in Federal court, Grand
Rapids.

Bay City—Appropriations for new
structures are so small that Michigan
Central officials have for the present,
abandoned tentative plans for new car
shops.

Grand Rapids—After 35 years of
service as a passenger conductor for
the Grand Rapids & Indiana Railroad,
William A. Wolf, a resident of this
city, is dead.

Ionia—George Pratt, Saranac, re-
ported to the sheriff that some one
had entered his house and taken the
interest coupons from three \$100
Liberty Bonds.

Standish—More than 35 high school
boys, big and little, were rounded up
here by the sheriff and Justice
Fry on the charge of committing
Halloween depredations.

Cadillac—H. E. Blue, G. R. & I.
official who made a coal survey of this
city for the railroad administration,
reports Cadillac in good shape to
withstand a fuel famine.

Bay City—Elemer E. Bradley, 61
years old, for a long time engaged in
the lumber business here with his
father and later with his brothers
under the name of N. B. Bradley &
Sons, is dead.

Detroit—To avoid an automobile
standing at a curb, Joseph Kuntz,
43 years old, collided with a street car.
Kuntz sustained a fracture of the
skull and died in a police ambulance
conveying him to the hospital.

Grand Rapids—William Mahar, 70,
for 30 years manager and owner of the
Valley City Vacuum Compressed Air
company, was fatally injured when
struck by an automobile driven by Al-
bert B. Longfellow, Wyoming Park.

Muskegon—Mrs. Jessie Hopkins, a
victim of the City of Muskegon disas-
ter, had been warned by a Milwau-
kee fortune-teller against continuing
in her employment as a waitress on
the ill-fated vessel, according to a
statement made by her mother, Mrs.
William Buck.

Muskegon—In the investigation of
the steamer City of Muskegon disas-
ter, Captain Edward Miller of the
steamer declared an incorrect report
from the weather bureau was respon-
sible for the ill-fated trip. He claims
the report to him said fair weather
would prevail on the lake that night.

Lansing—Michigan suffragists in
the National Women's party have en-
tered a new campaign, the last drive
for final victory in the national suf-
frage movement. This is a campaign
to win over enough state legislatures,
to ratify the national suffrage amend-
ment, in time to assure votes for all
American women in the presidential
election of 1920.

East Lansing—A plan for the ex-
change of college property for land
belonging to the United States gov-
ernment for the purpose of consolida-
tion has been worked out by Profes-
sor A. K. Chittenden of the forestry
department. The lands now held by
M. A. C. are quite broadly scattered
throughout Michigan. The govern-
ment land to be traded lies within
the public domain.

Cadillac—Circuit Court Steno-
grapher Henderson has been ordered
to hasten the transcript of the Stan-
islawa Lypcynska, recently convict-
ed at Leland for the murder 12 years
ago of Sister Mary Janina. It is be-
lieved the woman's attorneys plan to
appeal the verdict. Mrs. Lypcynska
has begun her sentence in the Detroit
house of correction.

Battle Creek—Louis E. Stewart,
prominent attorney, Rotarian, and
vice-president of the Union Steam
Pump company, was fatally hurt; his
law partner, Henry F. Jacobs, seriously
injured, and Frank Brockett,
senior member of the hardware firm
of L. B. Brockett & Sons, badly out-
and bruised when Stewart drove his
automobile into the path of a Michi-
gan Railway interurban limited at
Level park.

Battle Creek—Michigan Rotary clubs
are to be officially notified that the
dates for the 1920 district conference
here have been set for April 13 and 14,
in deference to the wishes of inter-
national Rotary officials who wish to
attend. Michigan has clubs eligible to
send delegations as follows: Detroit,
Grand Rapids, Saginaw, Bay City, Flint,
Lansing, Kalamazoo, Jackson, St.
Joseph, Sturgis, Ypsilanti, Muskegon,
Sault Ste. Marie and Battle Creek. On
tario will be represented by Windsor,
London and the Canadian Soo. No less
than 1,000 delegates are looked for.

Detroit—Northern Michigan is not
taking kindly to the state constabulary
patrols which have been scattered
throughout that district. The Wayne
County board of supervisors has re-
ceived a resolution from the Emmet
County board of supervisors condemn-
ing the state police. Similar resolu-
tions were sent to all Michigan county
boards. The residents take particu-
lar exception to the manner in
which the officers are enforcing the
personal license law for automobile
drivers. They claim their methods
are arrogant, and discourteous.

NEW \$21,000 HIGH SCHOOL IS TO BE BUILT HERE

Saranac—Mrs. Henrietta Atwood,
80 years old, mother of W. L. and Guy
W. Atwood, Grand Rapids lumbermen,
is dead.

Battle Creek—Major General Wil-
lam H. Hay, commanding Camp Ous-
ter, has received notice that this
camp is to be permanent.

Big Rapids—The thirty-fifth annual
meeting of the Michigan Conference
of Women's Home Missionary Society
of the M. E. Church was concluded in
Big Rapids Nov. 6.

Lansing—The cornerstone of the
new state office building under con-
struction here will be laid on Novem-
ber 26, with the Michigan grand lodge
of the Masons in charge.

Roscommon—Because younger resi-
dents made disparaging comment on
their dancing, married people of the
city will hold exclusive dances at
which the younger people will be
barred.

Grant—While trying to poke a rab-
bit out of a brush heap with the aid
of his shotgun, so that his companions
might shoot it, Richard Clark, 18, was
instantly killed as the weapon dis-
charged.

Lansing—During October employers
of labor had more places open than
the free employment bureau of the
state labor department could fill. The
same conditions has existed for sev-
eral months.

Saginaw—Albert Moses, Syrian,
who shot and killed his wife last
spring, pleaded guilty to second degree
murder in circuit court and was sen-
tenced to Marquette prison to from
10 to 25 years, with the recommenda-
tion of 16 years.

Port Huron—Arthur Heythaler, 29,
St. Clair, was instantly killed when
an automobile in which he was riding
went into a ditch, falling on him. Ac-
companying Heythaler were Alderman
Schlappacas, St. Clair, and Theo-
dore Goulalt, Detroit.

Bay City—Circuit Judge Howard
Wiest of Lansing, has granted a tem-
porary injunction restraining Bay
county supervisors from including in
this year's tax budget an item of \$20,
000 to provide a tract index for the
office of the register of deeds.

Detroit—How bolsheviks have been
scheming for months to tear down
the cross from the Russian Orthodox
All Saints' church, and make a dance
hall of the building, with a soft drink
bar in the basement, was revealed by
Rev. D. S. Darin, rector of the church.

Albion—What was meant for a Hal-
loween prank turned out to be an
act of vandalism, when someone en-
tered the Albion college library of 20,
000 volumes Halloween night and
turned the entire aggregation of books
out upon the floor of the building in
one big pile.

Alma—It is reported that John N.
Willis, of Toledo, head of the Willis-
Overland company, through purchase
of stock, has acquired control of the
Republic Motor Truck company. Con-
firmation of the report is said to have
been given by C. G. Rhodes, secretary
and treasurer of the Republic com-
pany.

Bay City—Harry Brandeneau, of
Bay City, who was shot and seriously
wounded by Game Warden Charles
Daniel in Gonyeau's saloon at Rock-
wood, died at the Emergency hospital
at Ford City. The Bay City man was
one of the principals in a battle which
grew out of an attempt of the warden
to arrest Peter Gonyeau for violation
of the game laws.

Detroit—Wounds received at the
hands of a prisoner he was holding for
Patrolman Frank Hickman, July 23,
were made the basis of a claim for
\$1,000, filed with the city clerk Mon-
day by Zamerci Degan. According
to the petition Degan held the pris-
oner while the policeman called the
patrol wagon. The prisoner cut De-
gan several times with a knife and
escaped.

Muskegon—It is stated on good au-
thority that several men are buying
up refund coupons issued by the Mus-
kegon Traction & Lighting Co. at
the price of four for a cent, and are
taking the chance that the fare will
be reduced by the Michigan public
utilities commission to six cents, or
even lower. These coupons call for
a refund of the difference in price
fixed by the commission from seven
cents, the fare now paid, to whatever
sum is set as an adequate fare.

Three Rivers—Arson and conspiracy
cases against Arthur Potter, Three
Rivers, and S. Summerfield and Bert
Arden, Detroit, resulting from the fire
at Arthur Potter mill and elevator
a year ago, will be heard at the pres-
ent term of court. Potter is accused
of arson and conspiracy and the De-
troit men, who are insurance adjust-
ers, face charges of conspiracy in con-
nection with the settlement of the
insurance claims on the
building. The loss, at first re-
presented as \$40,000, was later
placed at \$13,000.

Grand Rapids—The Grand Rapids
Citizens' league has announced that
it will petition for submission to a
popular vote in November, 1920, of a
constitutional amendment permitting
counties with a population of more
than 150,000 to adopt the county com-
mission form of government. The com-
mission, the league suggests, would
consist of five, seven or nine mem-
bers, elected by the entire county.
This body would do all the work
of the supervisors, assess prop-
erty and appoint and fix the salaries
of competent departments.

Muskegon—Circuit Court Judge
John Vanderwerp Monday sentenced
Byron Campbell, of Grand Rapids, to
serve from 18 months to five years in
the Ionia reformatory, with a recom-
mendation of 18 months, and Sidney
Pinkerton, colored, a boy 18 years old,
to one to five years in Ionia with a
recommendation of one year. Both
Campbell and Pinkerton were con-
victed on two counts of the informa-
tion charging the destruction of prop-
erty and interference with the street
cars. Others against whom similar
charges had been filed were dismissed.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your
hair and double
its beauty

Oh, girls, such an abundance of
thick, heavy, invigorated hair; a per-
fect mass of wavy, silky hair, gloriously
fluffy, bright and so easy to manage.
Just moisten a cloth with a little
"Danderine" and carefully draw it
through your hair, taking one small
strand at a time; this magically re-
moves all dirt, excess oil and grease,
but your hair is not left brittle, dry,
stringy or faded, but charmingly soft,
with glossy, golden gleams and tender
lights. The youthful glints, tints and
color are again in your hair.

"Danderine" is a tonic-beautifier.
Besides doubling the beauty of the
hair at once, it checks dandruff and
stops falling hair. Get delightful Dan-
derine for a few cents at any drug
or toilet counter and use it as a
dressing and invigorator as told on
bottle.—Adv.

Musie.
The music supervisor was trying to
get the children to sing with ex-
pression. They were singing an ocean
song and she told them that in certain
places only the boys would sing.
"Their voices are deep like the waters
in the ocean," she explained. "Men's
voices make you think of oceans—
don't they?"

The children agreed that they did.
"And now," she smiled encouragingly,
"what do women's voices make you
think of?"

Silence and then a little hand in the
back of the room went up. "Why,
of the swimming pool at the Y. M. C. A."
A shrill treble piped out.—Exchange.

you. Everything will seem clear, rosy
and bright. Your system is filled with
liver and bowel poison which keeps
your skin sallow, your stomach upset,
your head foggy and aching. Your
meals are turning into poison, gases
and acids. You cannot feel right. Don't
stay bilious or constipated. Feel splen-
didly always by taking Cascarets occa-
sionally. They act without griping or
inconvenience. They never sicken you
like Calomel, Salts, Oil or nasty,
harsh pills. They cost so little too—
Cascarets work while you sleep.—Adv.

KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't
disappear of themselves. They grow
upon you, slowly but steadily, under-
mining your health with deadly cer-
tainty, until you fall a victim to in-
curable disease.

Stop your troubles while there is
time. Don't wait until little pains be-
come big aches. Don't trifle with dis-
ease. To avoid future suffering begin
treatment with GOLD MEDAL HARMON
Oil Capsules now. Take three or
four every day until you feel that you
are entirely free from pain.

This well-known preparation has been
one of the national remedies of Hol-
land for centuries. In 1600 the govern-

ment of the Netherlands granted a spe-
cial charter authorizing its sale.

The good housewife of Holland would
almost as soon be without food as with-
out her "Real Dutch Drops," as the
quaintly calls GOLD MEDAL HARMON
Oil Capsules. Their use restores
strength and is responsible in a great
measure for the sturdy, robust health
of the Hollanders.
Do not delay. Go to your druggist
and insist on his supplying you with a
box of GOLD MEDAL HARMON Oil
Capsules. Take them as directed, and
if you are not satisfied with results your
druggist will gladly refund your money.
Look for the name GOLD MEDAL on
the box and accept no other. In sealed
boxes, three sizes.

INDIGESTION

Caused by
Acid-Stomach

Millions of people—in fact about 3 out of
10—suffer more or less from indigestion,
caused by Acid-Stomach. Nearly every case is
caused by Acid-Stomach. There are
many other stomach disorders which
also cause signs of Acid-Stomach—belch-
ing, heartburn, bloating after eating, food re-
peating, sour, gassy stomach. There are
many ailments which, while they do not
cause much distress in the stomach itself,
are nevertheless, traceable to an acid
stomach. Among these are nervousness,
biliousness, cirrhosis of the liver, rheuma-
tism, impoverished blood, weakness, leucemia,
melancholia and a long train of phys-
ical and mental ills that keep the
victim in miserable health year after year.
The right thing to do is to attack these
ailments at their source—get rid of the acid-
stomach. A wonderful modern remedy called
EATONIC now makes it easy to do this.
One of hundreds of thousands of grateful
users of EATONIC writes: "I have been
troubled with intestinal indigestion for about
nine years and have spent quite a sum for
medicine, but without relief. After using
EATONIC for a few days the gas and pain
in my bowels disappeared. EATONIC is just
the remedy I needed."
We have thousands of letters telling of
these marvelous benefits. Try EATONIC and
you, too, will be as enthusiastic in its
praise.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. A Good Cough Medicine for Children.

Mrs. J. W. Phillips, Redon, Ga. phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold.

A Bargain In Good Reading.

Thirty-five volumes of the best reading—in weekly installments—for less than five cents a week. That is just what The Youth's Companion offers for 1920 really means. The contents of the new volume, which will include 8 serial stories, over 200 short stories, fifty or more articles by men of great attainment, sketches, special departments, and so forth, would make 35 good volumes (at \$1.85 each) if published in book form.

Not a line is waste reading. You get something always worth remembering, worth using as a guide to your thoughts and actions.

If you subscribe as soon as you see this notice you will receive all the extras mentioned in the following offer, including the opening chapters of Harry's Herd, a fascinating, 10-chapter story of life on a cattle ranch.

New subscribers for 1920 will receive:

1. The Youth's Companion—52 issues in 1920.
2. All remaining weekly 1919 issues.
3. The Companion Home Calendar for 1920.
4. All the above for \$2.50.

McCall's Magazine for 1920, \$1.00—the monthly fashion authority. Both publications for only \$2.95.

COUNTY AGENT'S COLUMN

The cold pack canning process was introduced into these counties by the present County Agent during the food production and conservation campaign in 1917 and has become the established method of preserving fruits and vegetables, there being hardly any women in these counties who do not use it at present. Throughout the State a great deal of this type of canning has been conducted under the direction and work of the Boys and Girls Club work department, M. A. C. and when the charges were made that the method was unsafe and attributing the cases of death by botulism poisoning to the cold pack process there was considerable consternation among county agents and club leaders.

However the method has the backing of the State dairy and food commission, the Washington authorities and the department of bacteriology at the College in their assertions that the method is safe. E. A. Turner, State leader of club work at the College has the following to say about botulism poisoning.

"Investigation has proved that the botulism poisoning is exceedingly rare, it is just as likely to occur in food preserved by the open kettle method as in those put up by the cold pack process. Only two cases of poisoning have been traced to beans canned by the last named method. In fact the first cases of this poisoning were traced to sausage, indicating that canned goods are not the only foods in which this germ may occur. However because of the length of time of cooking in cold pack canning, the authorities are unanimous in pronouncing this method as the one most likely to stop the development of the germ, and therefore the best method of preserving known at present."

"According to bacteriologists the poisoning is not due to the germ itself, but to the toxin it produces. This toxin can be destroyed by heat. The organism which grows in both brine and sugar solutions produces gas in the process of forming the toxin. If the germ has grown in the can long enough, food so infected will give off a putrid odor."

"In the case of the olives which caused recent trouble this odor was obscured by the characteristic odor of the brine in which the fruit was canned. The gasses had been formed was borne out by the statement of one of the guests that the olive 'popped' when he picked it up, and so, thinking it was over-ripe, he laid it aside."

The advice given to all housewives in eating their canned food is: FIRST: The canned food should look clear. There should be no evidence of the products having "swelled." The jar must have a good seal. Experiments show that canned foods inoculated with the botulism germ soon look milky and swell. About the top of the glass jar there are soon visible signs of "working."

SECOND: Note the odor of the food. It should not be putrid or have any "off" odor.

THIRD: If it is at all suspicious, do not taste the food. Heating the food to the boiling point (212 F) for ten minutes will destroy the toxin making the food safe. If it is desired to serve the food cold, it should be boiled, then chilled before being served.

Under the rules of the Extension

division the county agent is entitled to fifteen days vacation each year, which vacation he has never availed himself until last week, during which time he was off the job. However after less than a week of bed hunting, sleeping on cots eight in a room, at \$1.50 per day, eating a self starved cafe, with sky high prices he decided that he could not afford all his vacation so is back at work again.

"THE TUBERCULOSIS IS CHALLENGED"

(From November issue world works)

"The National Tuberculosis association is engaged in a battle in which it will be successful only in the degree that it is persistent. The campaign faces much-roared popular sensations which are resolved to relax at any cost, and thus it finds the task more difficult. Because the 'white plague' lacks sensational elements it does not command attention and many people think that the subject does not concern them. But we felt a certain concern when the Germans were accounting for the deaths of some 60,000 Americans how they should we feel toward the enemy at home which during the same period of time, took toll of 150,000 American lives? The good natured public is slow to wrath, but slower still to comprehend the truth when doing so requires it to change established notions. It is high time that we set ourselves right against the disease that is claiming a victim out of every three persons who die between the ages of 18 and 45—the productive time of life. It is estimated that the economic waste from the disease in the United States is \$500,000,000 annually. The fight against this ravager is more than a question of health—it is one of economics and production as well. And there is a good prospect of making progress against the disease. That tuberculosis is both curable and preventable has been established beyond doubt by science. We cannot afford to ignore the challenge."

"This year, through the influence of war, the United States is faced with an unprecedented shortage of women, a shortage which makes overworking in our cities more intense. Tuberculosis thrives in a crowd; bad air and unsanitary conditions make it flourish. But science offers methods which will more than offset the handicap, and it only remains for the public to support the organizations which use the power of science. Red Cross Christmas Seals will soon be here, and their sales will register the amount of fight which the public is resolved to subscribe during the coming year."

This Means You.

When you get up with a bad taste in your mouth, a dull tired feeling no relief for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion.

CHINESE BECOME SOCIAL PIONEERS

Men and Women Form Good Fellowship Club Together Under Y. W. C. A. Leadership.

The Good Fellowship Club has made its appearance in society in Hangchow, China.

It began with the desire of a progressive young Chinese doctor to give his compatriots, especially the Christians, some healthful form of social intercourse.

Channels for a good, clean, social life among Chinese people are very limited. Until recently becoming a Christian often meant cutting oneself off from one's friends and relatives, also from feast days and festivals. As for joint meetings of men and women—well, such a thing was never heard of in decent society.

The young doctor's plan of having a club where men and their wives might come together to enjoy a good time with each other was discouraged and snuffed at. However, a few people agreed to be pioneers in the cause of social intercourse, and Y. W. C. A. secretaries agreed to help make the club a success.

At first the meetings of the club were laughed at by outsiders and the whole affair considered a joke. However, the members kept on meeting, first at one house and then at another. Soon the men got over the feeling of strangeness at starting out with their wives on Tuesday evening for a friend's home. The women began to enjoy the outing and to take part in the discussions—an intelligent part too—much to the surprise of their husbands.

The membership grew. The club's fame began to spread. At first the discussions of the club were conducted in English. Soon it became necessary for them to be carried on in Chinese so that more of the women could understand and take part. Many of the scoffers began to apply for admission. The members began indulging in much friendly chaffing and occasionally forgot their dignity to play jokes on one another. Finally it became so large that it had to be divided into two sections, which met separately three Tuesday evenings in the month and on the fourth Tuesday met together for a joint session, with a special program.

Students just returned from American and German colleges, an old Buddhist scholar who is particularly interested in the discussion on Buddhism and Christianity, merchants, railroad and government officials compose the men's side of the room. The women are still a bit shy about talking in front of so many people, but many of them show signs of great executive ability and power of leadership. They are all well poised, clear thinking individuals, who will have a great influence on China's future. They discuss among themselves group meetings in their various churches, the lack of amusements for Chinese women, social service work, subscription lists for the orphanage, cake making, types of stoves, baby diets, the latest engagement and other topics such as one would hear discussed by a group of women gathered together any place in America.

The social part of the evening is given over to games, which at first astounded the sober Chinese gentlemen, but which they take up with great zest after the first evening. And their wives enjoy it just as greatly.

Real American picnics are the latest thing which the club has tried, and they are a great success. A Christmas play is being planned now.

ENGLISH IS COMMON TONGUE.

Chinese Girls Learn It to Talk to One Another.

Chinese women students in the Tung Fu College, Peking, China, are obliged to learn English in order to talk with one another because of the different dialects used by the student body. Girls from the extreme western provinces of China, who attend the school, must remain in Peking during all of the eight years required for their high school and college training, because to return each summer would require six weeks for the trip one way and would cost more than a trip to America and return.

Girls from each of the western provinces speak a different language and they cannot understand one another any more than they can the girls from northern, southern, eastern or central provinces. Hence, they have adopted English as a common tongue.

NEW SCHOOL FOR CHINA.

Y. W. C. A. Secures New Site for Girls' Physical Training School.

A new home has been found for the Physical Training School which the Young Women's Christian Association has opened for native girls in Shanghai, China.

The school, while in the country, is not far distant from the National Headquarters of the Y. W. C. A. in Shanghai nor far from the local Y. W. C. A. The grounds cover eighteen "mow," which means approximately six acres, and are divided by a private road. A foreign residence already on the grounds will be used by the American teachers, while native buildings on the other side will furnish living quarters and classrooms for the 35 students.

The grounds boast a garden, tennis courts and an athletic field.

WHICH SORT OF FARMER IS JOKE REALLY UPON.

A short time ago a delegation of three or four farmers from Ohio came to Northeastern Michigan to look over improved farms with a view of buying and after having covered considerable territory they visited Secretary Marston, of the Northeastern Michigan development bureau and, in discussing Michigan farms, one of them said, "Do you know, Marston, the way the most of our fellows up here farm is a joke to us." He had references to the fact that on most farms he did not find that measure of efficiency that he himself practiced and that is usual in the old farming districts of this state. But he overlooked one big fact that Mr. Marston was quick to point out.

"Our farming methods may be a joke to you," he said, "but to us it looks as if the bigger joke is on you. You people are trying to farm on land that costs you \$350 to \$400 per acre, or for which you have to pay rent on that valuation when you can come up here in Michigan and get land just as good or better, with equally as good markets, for \$100 to \$150 per acre or can buy wild land at \$20 to \$25 per acre, which will produce a crop the first year that will pay for the land and for its clearing. Now which is the biggest joke?"

The Ohio man admitted that it looked as if it was on him and went home with the declared intention of getting out of Ohio and coming to Michigan.

Constipation.

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case. Adv.
